

# Praxair Express™

## A Web-Based Tool to Manage Your Bulk and Onsite Gas Supply Account

Praxair Express is an online web-based service that provides customers the flexibility to view their account at any time. Each department within your organization may access information according to their needs. The accounts payable department can access invoices, the purchasing department can check inventory, the shipping coordinators can view digital delivery documents, and more!

### Benefits

- Enter tank gauge readings and view history
- Access delivery history and order status
- Monitor product usage with Praxair's Tracker™ system
- Access industry news, technical information and safety bulletins
- View production usage changes
- Access invoices and shipping documents
- Pay bills in full
- Access safety data sheets (SDS)
- Retrieve digital delivery documents
- Automate communication and administrative reporting

### Get Started!

As a new member, you will need to self-register by going to [www.praxair.com/express](http://www.praxair.com/express). Please choose *Praxair Express for Bulk and Onsite* and create a username and password. Once you are registered you will have the ability to view your account detail, track orders, and monitor changing activity.

### Contact Us

If you would like more information or have additional questions, please contact your sales representative or call 1-800-773-4877, 8:00 AM and 5:00 PM ET.
